## COLLINE NOVARESI DOC NEBBIOLO ALBAROSA

**Grape variety:** Nebbiolo

**Production area:** Boca, Prato Sesia

**Exposure of the vineyards:** South, South-West

**Altitude of the vineyards:** 400-460 metres above sea level

**Surface area:** 0.5 hectares

**Age of the vineyards:** 15 years

**Soil composition:** land rich in porphyry which makes the soil acidic and sterile

**Training system:** Guyot

**Yield per hectare:** 8,000 kilograms/hectare

**Harvest:** End of September, manual selection and harvesting

**Vinification:** Gentle contact of the must with the skins during pressing. Clarification by cooling the must and controlled-temperature fermentation

**Aging:** 1 month in steel tanks

### COLOUR

Soft pink

### SMELL

Persistent bouquet rich in floral and fruity notes

### TASTE

Fresh and delicate, with the personality of Nebbiolo

### PAIRINGS

Delicate and fish dishes. Also excellent for aperitifs
